 Now as I've grown older, my hopes grew more dim,
 G **D**
 And I knew that I had been deceived
 C **G** **D** **G**
 And I tried, oh I tried to leave dreaming behind,
 G **D** **G**
 But deep in my heart, I believed.

C **G** **C** **G**
 "Follow, come follow," the fairies would say,
 C **G** **D**
 "Let the melodies hold you in thrall.
 C **G** **D** **G**
 For our world stands apart from the cares of the heart,
 G **D** **G**
 And the time doesn't pass here at all."

(Instrumental break- play and/or hum the tune to the chorus- with no words)

 Tonight when we gathered, you sang me your songs,
 G **D**
 And that magic appeared once again.
 C **G** **D** **G**
 And it felt so familiar, so sure and so strong,
 G **D** **G**
 Just as I imagined it then.

C **G** **C** **G**
 For tonight, you wove magic; tonight you cast spells;
 C **G** **D**
 Tonight you've enchanted us all,
 C **G** **D** **G**
 For our world stands apart from the cares of the heart,
 G **D** **G**
 And the time doesn't pass here at all."
